Missoni Baia, a 57-story waterfront glass tower now rising along Biscayne Bay, is being developed by OKO Group and Cain International and designed by architect Hani Rashid of Asymptote Architecture. Priced from \$600,000 to upwards of \$9 million, Missoni Baia's 249 residences range from one- to five-bedroom layouts measuring between 776 and 3,788 square feet in size. Missoni is incorporating its trademark colorful design palette and Missoni Home furniture collection into the tower's interiors. Additional amenities include an Olympic-sized pool, one of the city's largest spas, and membership access to the Grand Bay Club. Construction is slated for completion in late 2021. missonibaia.com
